

Eco activities 2013

We have a large, informative eco - committee display at the top of the stairs which is updated regularly. You can see pictures of wonderful eco junk models and their creators made in a recent **GOLDEN TIME**. Also on display is our very long, scrap-paper chain!

Our **GREEN** (black!) fingers after planting peas and tomato seeds today.

Jane Outram and Sita Goudie from the Amenity Trust spoke to us about the Food Waste Challenge and gave us our carrier bag collection box.
