

# Eco activities 2013

We earned our third green flag in November 2012!

This year our areas of focus are:-

WASTE MINIMISATION

HEALTH & WELLBEING

FOOD & THE ENVIRONMENT

We have a super enthusiastic eco committee made up of two pupils from every class. We also have no shortage of other willing volunteers, too. Anyone who wants to get involved is encouraged to do so. The older members of the committee are currently working on how they can involve the nursery pupils more.

We have two collection bins inside the main foyer - one for carrier bags and one for the RAGBAG scheme. We are hoping to get the RAGBAGS uplifted and taken for recycling in the near future. Please make use of these collection points whenever you're in the school.

P1 and P2 pupils during the food waste challenge back in November 2012.
